

The Alameda County Office of Education is committed to supporting the Alameda County Public Health Department's efforts to swiftly vaccinate educators against COVID-19.

PHASE 1B

Beginning February 8!

Education staff for public, private and charter schools in Alameda County are in Phase 1B as determined by the state.

● **Age 75+**
96,000

● **Age 65-74**
143,500

● **Education & Child Care**
60,000

● **Food & Agriculture**
20,000

● **Emergency Services**
4,000

325,000 People

650,000 doses for full vaccine

Vaccine Supply

10,000 to 15,000 per week

Alameda County expects 10,000-15,000 doses to be delivered per week; a rate that is expected to remain steady.

Pathways to Vaccine

- Health Care Providers
- County/Community PODs and Specialized PODs
- Federal mass vaccination sites (i.e. Oakland Coliseum)
- Retail sites

Timeline

This effort will likely take months.

In the meantime: Layers of safety
